

# In the Middle Of December

## The Nudie Suits

*Intro* A  
 You could've told me some story  
 Like it's not you, it's me, or it's time  
 "It's all over" is how you laid it down  
 If I can make it through Christmas, I just might survive

N/C A!  
 But I don't wanna go to no parties  
 N/C A! A!  
 Cos I got no good will!  
 N/C A! A! A!  
 I just wanna sit at home alone and get biblical

*chorus* A  
 In the middle of December  
 When everyone's got their own plans  
 You-ou abandoned me to the pity of my family and friends  
 I can see my life  
 Slowly going to shit show  
 In the middle of December waiting for Christmas to come and go

And I go...
